## **Additional Information:**

**Description:** An amazing brand-new introduction which encompasses the larger more outstanding flowers of some of the newest breeding within this genera with a bushy, compact and almost mound forming variety to produce this great dome of summer colour. The deep pink fading to light pink into the centre of each of the small flowers which make up the large ball of flowers at multiple places along the stem creating a real 'Showstopper'.

## **Growing Information**

For best show of flowers plant in full sun in fertile well-draining soil. Requiring little maintenance or pruning, but if desired you can prune to reduce size, and this should be done after the summer flowering period. Provide water during dry periods.
